

YOUR PARTNER IN ELECTRICAL AND LOW VOLTAGE EXCELLENCE

When only the best will do for your storage solutions, choose Shea Electric & Communications, LLC, who has partnered with SpaceGuard Products to provide top-of-the-line service from idea to installation. This is one strategic alliance that will benefit your business!

SPACEGUARD PRODUCTS

COMPANY OVERVIEW

With over 100 years of combined experience in manufacturing wire partition and area guarding products, SpaceGuard Products is the most experienced company in the field today. It is privately owned and operated and remains focused on efficiency, service and quality in all aspects of customer relations.

PRODUCT LINE

SpaceGuard Products specializes in multiple storage solutions including wire partitions, lockers and rack safety enclosures. The company is the only one of its kind to offer three different types of wire cages designed to fit the needs of standard to custom security requirements.

PERKS OF PARTNERSHIP

Because SpaceGuard Products only partners with a select group of distributors, you can be sure Shea Electric has the skills and training necessary to deliver a top-notch installation complete with helpful tips for storage.
